DEMO**

Veinlite®'s unique C-Shaped design stretches the skin for easy needle insertion, prevents veins rolling and results in fewer IV access failures. Using Veinlite® saves time, avoids repeated needle sticks, decreases patient pain and anxiety and reduces wasted IV supplies.

- Clinically proven Veinlite® Technology®
- NEW - Integrated exam light*
- Robust design for use in the field
- Works on dark or light skin tones
- Simple, single button operation
- Multiple models for different scenarios
- Disposable covers prevent cross infection

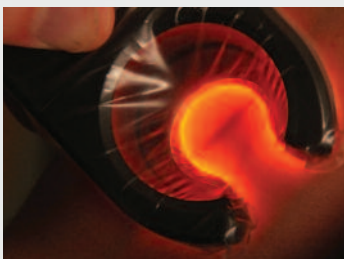

* Veinlite EMS-PRO Model

Disposable patient covers aid clinical safety

Red LEDs enable clearer visibility for darker skin

Superficial veins are identified with orange LEDs

C shaped design allow for easier vein insertion
